

You're Invited!!!

The Live Oak Beefmaster Breeders Association, along with Melvin Scherer of V-Seven Beefmasters and 7C Anderson Cattle Co., would like to invite you to bring your cattle for carcass ultrasound scanning and weight collection on **Monday, November 30, 2020 starting at 9:00 am** at 1495 Moritz Road, Meyersville, Texas.

Casey Worrell, a UGC Certified Field Technician, will be carcass ultrasound scanning for a reasonable fee. So bring your cattle!

TO RSVP OR ASK QUESTIONS
CALL MELVIN SCHERER AT
361-877-2577

Please bring the following information for the cattle being scanned.

- BBU Membership Number
- Animal's Date of Birth
- Animal's BBU Certificate Number

Please take note that all certified CUP labs require a certificate "C" number or performance "P" number on each Beefmaster animal, when submitting scan data to the lab via your ultrasound technician. If scan data is submitted without a "C" or "P" number, the animal's scan data will be entered as a commercial animal and the breeder will not receive scan data results.

Take home message, make sure to register your animals as certified or performance prior to carcass ultrasound scanning.

Event: Carcass Ultrasound Day
